3. We propose that each agency representative be prepared to report the decision of his principal on this question at the final meeting of representatives on each NIE. A reminder will be sent by ONE in advance of this meeting. The decision will then be made a matter of record through the medium of the Secretary's Notes appended to the minutes of IAC meetings.

4. In the event that, for any reason, consideration at this final meeting is not feasible, the matter will be handled by memorandum to the IAC agencies with concurrences or non-concurrences to be recorded by telephone. The Secretary's Notes will be used to record the decision.

5. Please let me have your concurrence (or non-concurrence) by the close of business, Friday, 8 October.
